DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 30-31 and 36 to an invention non-elected with traverse in the reply filed on June 29, 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

2. Applicant's election with traverse of invention I in the reply filed on June 29, 2005 is acknowledged. The traversal is on the ground(s) that the search does not meet the burden requirement for a restriction, specifically because the primary classification for each invention is in the same class and subclass. This is not found persuasive because the field of search for the inventions is different. For invention I, the field of search is 342/357.15, 342/357.09, 342/357.12, and 342/357.13. For invention II, the field of search is 342/357.15, 342/357.12, 342/357.13, and 455/226.2.

The requirement is still deemed proper and is therefore made FINAL.

Art Unit: 3662

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Allowable Subject Matter

4. Claim(s) 1-29 is/are allowed.
